

IN ADMIRATION OF MUSIC

IKON 1 MK2

Built for shelf or stand mounting in a small to medium sized room, IKON 1 MK2 is equally suited for compact stereo set-ups or as front/rear speakers in a complete surround sound set up.

Even at high sound pressures IKON 1 MK2 is capable of reproducing surprisingly deep bass due to the wood fibre 5" mid/woofer that integrate superbly with the hybrid tweeter module. All in all, this ensures you that IKON 1 MK2 is true to the classic IKON's warmth, clarity, and authenticity.

DALI's engineers have ably captured the powerful dynamics, high sensitivity and volume potential in a compact package by means of creativity, technology, and further knowledge.

Since the IKON 1 MK2 features a bass port on the back instead of on the front, it has been possible to design it slightly lower than its predecessor while at the same time conveying a warmer and even more inviting sound. In every way this speaker offers you gentle changes taking surface and substance into account. A loudspeaker that is ready for wall mounting and designed to perform exquisitely wall-mounted or placed discreetly on your bookshelf.

SPECIFICATIONS

Frequency range (+/- 3dB) [Hz]:	45,0 - 30.000,0
Sensitivity (2,83 V/1 m) [dB]:	86,0
Nominal impedance [ohms]:	6
Maximum SPL [dB]:	105,0
Recommended amplifier power [W]:	25,0 - 100,0
Crossover frequencies:	2.500/14.000
Hybrid tweeter module, Super high frequency driver:	Ribbon
Hybrid tweeter module, High frequency driver:	Soft textile dome
Low frequency driver:	Wood fibre cone
Enclosure type:	Bass reflex
Bass reflex tuning frequency [Hz]:	41,0
Connection input(s):	Single wire
Recommended placement:	Stand;Shelf;On-Wall
Loudspeaker type:	Front;Rear;Surround
Max loudspeaker dimensions incl. base and grille	327 X 150 X 260
Loudspeaker weight including base and grille [kg]:	4,8
